Jim Steele 224-6733

1 Vacant

If you have any questions that are club related don't hesitate to call one of the above Officers or Directors and, they will be happy to try and help you.

## From Your President...

Hello Folks!

I hope this newsletter finds you in a state of excitement and anticipation about our upcoming show. That's right. Show time is upon us within a little over ten days from the day I write this. The dates for the 2008 "Okie Heritage Days" show are Friday, June 20<sup>th</sup> and Saturday, June 21<sup>st</sup>.

Of course members can move their equipment, exhibits, etc ... onto the show grounds at anytime. The official move-in/tie up loose ends day is Thursday, June 19<sup>th</sup>. We will have a cookout/club meeting Thursday evening at 6:30 p.m. The cookout menu will be burgers and hot dogs with the club providing the meat and bread. Club members attending are asked to bring food items to go along with a hamburger and hot dog cookout. The purpose of this meeting is to discuss last minute show details and job assignments. All club members are asked to attend. If you have questions about the cookout details please call Amanda Hoover at 482-3453 or Cathy Osborn at 445-2047.

A couple of tents will need to be put up after the meeting as well.

Speaking of food; our food vendors for this year's show are the Haskell Volunteer Fire Department Ladies Auxiliary and our own David Campbell with his famous "Hit and Miss Ice Cream".

We still need volunteers to help mow and weedeat the show grounds this coming weekend and early in the week of the show. Also, volunteers are needed to help work the gate, direct traffic, pick-up trash, and other various jobs during the show.

**Remember,  
SAFETY FIRST!**

By the time you read this the entry gate and flag pole project should be completed. Work still remains to be done on the bleachers and loudspeaker systems but the project to roof the announcer's platform is winding down. Please pitch in and help with these and other small projects as time and man power is in short supply. If you can help with show ground projects please call John Hoover 482-3453, David Bradley 445-7796, or Harold Brown 266-3833 and let them know as soon as possible.

*(Continued on Page 4)*

**June 20-21 OATA "Okie**  
**Heritage Days" Show**

# From Your President... (Continued from Page 1)

Any sponsorship donations that you could roundup from businesses or individuals would certainly be welcomed in an effort to offset show expenses.

If you get donations please let Amanda Hoover know as soon as possible so that those people can be recognized in the show program flyers that will be given out at the gate.

I hope everyone is as excited as I am about this year's show. Remember that we are featuring the great products of the Minneapolis Moline company, but all other brands of equipment, engines, trucks, cars, etc... are encouraged to participate as well. Unrestored or not bring 'em all!

I know that ridiculous fuel prices make travel expenses to this years show a bitter pill to swallow; but I can't think of a better reason to burn some fuel than going to our own club's tractor and engine show.

Keep safety your number one priority during this year's show season because the life you save may just be your very own. Remember at these shows how many young or inexperienced equipment operators that are attending and watching our every move. We must all operate our equipment in the safest manner possible because those people see us doing some stupid unsafe act and they will try the same thing themselves (especially children). The problem is when these inexperienced operators try to perform the stupid unsafe act that they learned from us they are not so lucky and they wind up hurt or killed.

**For these reasons, Deliberate Unsafe Equipment Operation Will Not Be Tolerated At This or Any Future OATA Event.** Bottom line is if you can't play it safe then leave your toys at home.

Thank you for your support. I'll see you at the show grounds!

Your President,

John Hoover
