

“TRACTOR TRACKS”

Oklahoma Antique Tractor Association (O.A.T.A.)

OATA Volume 13, Issue 2

Newsletter Date: April 2009

From the President's Chair...

Hi Guys,

Well, it's spring and we have an antique farm show to put on, there are lots of positions to be filled and things to be done to get ready. We now have covered exhibitor space as Duane Johnson and Guy Cabbiness have got the buildings up that they spoke of at February meeting 3 buildings 18 x 42 feet, so any of you ladies want to have a craft booth at the show it will be available.

At the February meeting Sandy Ullrich had his O.A.T.A. calendars and gave each member one, he has others for \$10.00. They have club members & their tractors each month, and I am pleased with all but one month, oh well! Linda Godfrey is making a new 4x8 double sided banner and also making the bumper stickers, they should be ready by April meeting, boy they sure look good.

We will have the banner for the Rooster Day Parade, so be thanking of the parade, we need to have a good turn out for the parade to adver-

tise our June show I will have the date at the April meeting our next meeting will be April 11. at the show grounds it is planed to be a plow day/meeting/work day, we need to haul off the old grain bin that was blown over in the cemetery and ruined, also look and see what we need to do with the old bleachers and other stuff along the North fence, one of the RV electric post needs to be re-set.

We are going to need a straw boss for the show, I need someone to step up and take the job or we will have to nominate someone at the April meeting, we need committee chairman for these committees, porta-potties/trash, gate/parking, engine area. Well I seem to have run out of things to say so I'll shut up for now see you at the meeting.

God Bless

Harold Brown
OATA President
